

Happening at the Fibre Showcase 2019

- watch an artist at work creating a picture from wool via needle felting
- visit with spinners and knitters at their spin circle; bring your own equipment, sit and join them for a spell
- take part in the fleece skirting demonstration that will emphasize finding faults in a fleece and determining best market avenue
- watch members of the spinners and weavers guild as they undertake turning a raw fleece into a finished shawl over the course of three days. See the processes of picking and carding wool to prepare for spinning, spinning and plying yarns and weaving a shawl all done by hand
- visit the fibre display and learn more about Saskatchewan's newest fibre mill
- visit and chat with the owners of Custom Woolen Mills of Alberta
- browse the displays to view all the ways wool is used in the artisan world; limited and select items available for sale
